

A Dreamer Too Long

Writers: Brett Jones & JT Hall

I Always was the boy
Starin' out the schoolhouse window
Everybody called me a dreamer
Or I was buried in that chapter
Happily ever after
Thought I would die your hero
I never saw this comin'
Now I don't want to open my eyes

Chorus:

Maybe I been a dreamer
A little too long
Me and my forever
Still holdin' on
Is it too late for us baby
Have you already gone
Have I been a dreamer
A little too long

So when you say goodbye
If I look at you and smile
Just let me go on believin'
Walk away quietly
Don't worry about me
I'll learn to be a survivor
I guess it's just my nature
To try to keep this love alive
