

This Time I'm Gonna Be Loved

Writer: Jimi T. Hall, Sukey Smith, & Fred Koller

The first time I fell, I was a little too young
You've got to learn to walk before you run
I got left with a broken heart
When I saw you, I saw a brand new start

Chorus:

I've been pushed, I've been shoved
This time, I'm gonna be loved
I've been used, I've been hurt
Girl with you I believe it's gonna work
This time, I'm gonna be loved

From that first nite, I saw your face
With your smile looking right at me
As you spoke so softly
I knew that I would be your one and only

Chorus:

I've been pushed, I've been shoved
This time I'm gonna be loved
I've been used, I've been hurt
Girl with you I believe it's gonna work
This time, I'm gonna be loved
I've been used, I've had the blues
Girl with I just can't lose
This Time, I'm Gonna Be Loved
This Time, I'm Gonna Be Loved
This Time, I'm Gonna Be Loved
